

Instructions

Identify a parent/parents whom you are fairly familiar with and that could use a night out.

Be sure to write your name and number clearly

A Night Out

I don't know if you have heard about the Hope Epidemic yet, but I wanted to share a little hope with you. Kids are great but often a night out without kids seems impossible. If you're comfortable I would love to baby-sit and let you get away for a while. Give me a call to set it up.
